

March, 19, 2020

Dear Parents and Guardians,

Latest update and revision of the SAS calendar:

Just received word from the Diocese of Honolulu that parochial schools will remain closed through Monday, April 13th. Students are scheduled to return to campus on Tuesday, April 14th. The Tuesday start date was chosen as the 10th (Good Friday) and the 13th (Easter Monday) were already designated as days off for Easter. My understanding is this eliminates a week by week extension by choosing a hopeful point of return without jumping to a complete suspension of classes for the remainder of the year. As we know, this return date could change again but we pray this ends sooner versus later.

This message will be added to the list already established on our website along with the listing of school-related events that are cancelled or postponed. Please refer to this area for updated information and refer others to this area too as they inquire.

Part of our staff work this Monday will be mapping out alternative options for educational services for our K-12 students. Part of our work starting on Monday will also be mapping out support for you too as you support your children at home. Another part of our work will be our plans to reach out to each student and maintain a connection with them - beyond whatever means that are already in place so far. Our relationship with our families and our care and concern for each other is who we are and what we do at SAS.

Additional updates in relation to our “virtual” connection with you will be coming and will include specific links and guidelines for access too. As stated before, we also will be sending you specific educational plans for your child’s classes and grade level by next Wednesday, March 25th.

Continued prayers for each of you, your families and friends and our entire SAS 'Ohana. We strive to be the calm through the storm, we appreciate the impact and fatigue this situation has on everyone and we believe the resiliency and faith we have will lead the way.

God bless,

Tim
