

Welcome Back to St. Anthony School! We are here for you!

On Friday, May 29th we had an on-campus, drive-in ceremony for our Senior Class of 2020. It was unique, creative, and provided our students with a full graduation experience. At the end of June, we started two summer programs on campus for children from 5 – 12 years of age. Now, we aim for August 4, 2020; our first day of school! We are excited for the return of students and staff and continue the planning process for this to happen. Whether you are a returning family or brand new to SAS, we know that your choice of our school for 2020-2021 will provide your child with the attention, care, growth, and excellent educational opportunities they need and deserve.

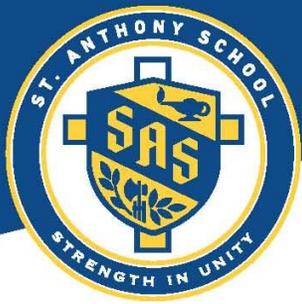

Covid-19 impacted many decisions and timelines, so all typical planning processes have been forced to change and adapt. As we approach the start of the school year, we see increased interest in our school as many families are searching for what we have to offer compared to what they are being given in their current school. We pray for **ALL** parents and children on Maui as the challenge of returning to school and how schools choose to do so will impact the educational experiences and emotional growth of our most valuable resource – our keiki, our future.

Please read through the information posted on this website about the upcoming school year. All enrolled families will continue to receive weekly updates through our eblasts, and our Enrollment Office is ready and available to receive emails and calls for application and enrollment information from new families. We have streamlined the review and acceptance process to support families who have recently decided that a change is needed, and they want to pursue SAS over the next few weeks.

We do not know what the future holds but we do know that St. Anthony School believes that adaptation, change, and commitment to educating the whole child – heart, mind, body and soul – must be reflected in our planning, instruction, communication and flexibility. SAS – We are here for you! You belong here!

Tim Cullen

SAS Head of School and Principal
