

SAS Trojan Cafe' Safety Protocols 2020-2021

St. Anthony School will continue to provide parents with the option of purchasing a hot lunch and all students with the opportunity to eat lunch in the Trojan Cafe' each day lunch is served. The following items have been put in place to provide social distancing for our students and staff in Grades K-12.

- All tables in the Trojan Cafe' have been set in place to allow for social distancing for staff and students during their assigned time to eat. Students will be directed by class to assigned table areas when entering the Cafe'. Lunch times have been staggered with Grades K-2 eating at the same time, then Grades 3-5, then Grades 6-7. Grades 8-12 will then have the last time slot. We can seat up to 100 people at one time using the entire room.
- Chairs in the Cafe' have been set apart at each table to allow safe distancing for our students. For example, Kindergarten will continue to use the small tables but with only 15 at a time facing one direction and spread out with only 3 students per table. Previous years we had both K and 1st at those tables with over 60 students at a time sitting on both sides. Our 6' round tables will only have 4 seats versus 8 from last year and we have added rectangular tables with only 2 students sitting at each: one at each end.
- We are requiring our HS students and staff to eat lunch in the Trojan Cafe' this year to ensure social distancing when eating and to provide a new venue for club meetings and activities. Previous years they could eat up campus and sit anywhere. K-8 staff already eat lunch with their students every day. Additional SAS staff will be on hand each day.
- Social distance markers have been painted on the walkway to the Cafe' and outside each of the bathrooms. Hand sanitizer will be available and disinfectant sprays will be used after each lunch period.
- No sharing of any food or drink – even across family members – and students must stay with their class group while eating and drinking.
- Students will deposit any trash and lunch trays, when dismissed, outside the Cafe' to eliminate crossing paths with other students when exiting.
- Masks will be worn when walking to the Cafe', in the Cafe' and when exiting.
